## LUCAS LI

The Air Gun Tour in Germany and Austria has opened my eyes to a whole new world. It showed me how much bigger the world of air rifle is and how fierce the competition is. My highlight of the trip was getting to shoot on the Olympic range and also getting to see how other more experienced athletes shoot. I felt that there were many challenges for example getting used to a new range and shooting alongside a lot of people. I am very grateful to all the people that made this possible for me as it really has given me new insights and new things to work on and work toward. I want to give special thanks to Petr, Carrie, Aurelie, all my coaches and my friends who all supported me along the way

## MATILDA EYLANDER

For the 2025 Air Rifle Tour, we traveled to Austria for the Meyton Cup and Germany for the H&N Cup, an amazing opportunity to grow as athletes. Experiencing international competition at this level was invaluable, allowing us to compete against top shooters in a high-performance environment. Everyone on the team learned and gained so much from this trip. It was an incredible experience, and we're all so grateful for the opportunity to grow and learn on the international stage.
